Honorable Andrew Carnegie
2 East 91st St
New York N Y

Dear Sir:-

Owing to the unsettled state of the financial world at present, it seems right for me to address you again.

A letter several months ago from Mr R, A, Franks of Hoboken N J, stated that the nine thousand dollars(\$9,000) was then available. I write now to ask if the present condition of the banks changes the situation for us, If the money is tied up so that the payments from you cannot be made when needed, then we shall be grateful to know immediately, so as to stop the work on the building and not keep the men working on uncertainty of being paid their wages.

Yours most sincerely

Ruth H. Spray Pres. The Tuesday
Evening Club and The Salida Library
Association.
