

Union I

In California Gulch during the  
Civil War - the Union<sup>men</sup> there had an  
organization or Lodge under the name  
"Union League". A patriotic organization.  
A good many "Southerners" were there at  
that time "Georgians" who my mother  
stated were very rabid against the  
North but were out west escape conscription  
in the Southern Army.

This bible is not very large but it  
answered the purpose
